Please join us!

Both believers and unbelievers ask important questions of us. The Apostle Peter tells us that we ought to be ready to give every man a reason for the hope within us (1 Peter 3:15). I have saved some of the questions folks have voiced over the past few years. Most of the topics will hopefully be of general interest. I trust you can join us as we explore, with Bible in hand, some possible answers. Be sure to bring along your own theological questions.
